

## WHAT'S NEW

### New ball please

Ballkaddie is an ingenious new product that allows golfers to store, carry and access their golf balls at the touch of a finger tip. The cartridge stores balls which can be clipped to a golf bag and a player can very quickly and easily select a replacement ball by simply pulling the release trigger.

### TRIED AND TESTED

By Reader,  
Rhonda Morris

If you are looking for a compact, lightweight golf bag that is comfortable to carry, has generous pockets and can hold a full set of clubs, then the PING Moon-Lite bag is for you.

This bag has a unique carrying strap that stands up (no more bending over to pick up your bag from the ground) and conveniently folds down for storage. The strap rides comfortably on your shoulder, balances the bag nicely, has a place for two tees, and a piece of soft Velcro to attach your glove.

The fabric is durable and repels rain and the colour is pleasing, black with white lettering and logo with silvery-white detail. There are three sections for clubs, one large and two small, with a flat base as the bag is designed to lie flat on the ground. Retailing at £35.00, I feel this is a fair price.

This carry bag is the lightest I have ever used, even with a full set of clubs. It is perfect to take on holiday and has other practical uses, such as car-pooling (when space is limited) for golf outings, winter golf or a quick round.

### Get a good grip

Softspikes ClubGrip is the first-ever golf 'grip wrap' to enter the market. It provides superior tack, more comfort, and greater absorbency than traditional grips and allows golfers to enhance their grips for a fraction of the cost. Available in packs of 3 at £3.75.

### No bouncing

If you are small busted and have difficulty in finding a good sports bra on the high street, visit online store [www.aalingerie.com](http://www.aalingerie.com) which has a great new selection. Small busted women may not realise how much their breasts move during sport and exercise and this can damage the ligaments and tissues.

### DID YOU KNOW?

[www.teeforetwo.co.uk](http://www.teeforetwo.co.uk) is a new golf networking website aimed at golfers looking for friendships on the fairways. While pitched at single male and female golfers, it is more of a social forum for like-minded individuals who love to play golf and share a similar lifestyle that includes meeting new people, travelling and enjoying an active life.

## Bigger makes better putts

Hone your putting skills with The Big Putt, a golf ball constructed of standard materials but 34% larger than regulation. Developed by PGA Tour caddie Mike Hicks and business entrepreneur Danny Gurley, and endorsed by Tour professionals including Jim Furyk (pictured), they believe that by practising putts from two to eight feet with the oversize ball, a golfer should develop confidence on the golf course with a smaller regulation ball. It also entices golfers to accelerate through the putt, hence reducing the chances of missing short putts.
